August 2011

Welcome back High School Lancers!

We are happy to be returning to serve WCHS students. This year we introduce our new combo meals, which includes a main dish, a side option, and a beverage. This will allow students to shape their meal according to individual preferences. Individual items will be available as well.

Also, we now offer an online ordering system for both morning snack and lunchtime purchases. Simply load money into your student's account and it will be debited from them at the time of purchase. This new system allows you to access account balances at your leisure and helps you to keep track of spending habits.

Our staff members are proud to serve your student. If you have any questions or suggestions feel free to contact us. We look forward to a great year!
